

CURRICULUM VITAE

# AJIT GULABCHAND

## Chairman

Steiner Group

Ajit Gulabchand is Chairman and Managing Director of HCC - one of India's leading construction companies, founded by industrialist Seth Walchand Hirachand in 1926. At the helm of affairs in HCC since 1983, Mr. Gulabchand's path-breaking management initiatives have grown HCC into a modern and vibrant infrastructure player, with a vast business portfolio and a knowledge asset and expertise of more than 3000 professionally qualified people. HCC has executed a majority of India's most challenging infrastructure projects. Projects executed across India bear HCC's hallmark of worldclass innovation, from Roads & Expressways, Tunnels, Bridges, Dams and Barrages, to India's first and longest open sea Cable-Stayed Bridge in the country's commercial capital, Mumbai.

Mr. Gulabchand is a man with a vision. This is evident through his stewardship of HCC into an integrated group spanning Engineering & Construction, Real Estate, Infrastructure and Urban development and Management. The HCC group of companies comprises HCC Ltd (Engineering & Construction), and its subsidiaries HCC Real Estate Ltd, HCC Infrastructure Ltd and Lavasa Corporation Ltd.

Mr. Gulabchand is today regarded as a major spokesperson for the Indian infrastructure sector in global forums. A regular participant at the WEF, Davos for two decades, he Chair's the Governor's steering board of the Engineering and Construction community and is a member of the CII-WEF Infrastructure Task force. He is also a founder member of the Geneva-based Disaster Resource Network (DRN) in collaboration with the WEF, the United Nations and International Red Cross.
